DRESS FOR SUCCESS!

One billion people who share our global community are living in extreme poverty. Sadly, seven out of ten of these individuals are female and it is estimated that 65 million girls around the globe do not attend school.

We hope to help
250 girls this year.

Global Friends invites you to help girls Dress for Success.

Now you can help change the future of two girls thru the **Global Friends Foundation's Dress for Success** program. **When you donate one of our dresses for \$50**, we'll not only give that dress to a young, impoverished girl in Africa, but we'll also provide a Global Friends Dress for Success School Pack to an older girl in the same community.

Global Friends Dress for Success School Packs help teenage girls achieve at school -- and life. Our packs are jammed with note books, pens, calculators, rulers, sanitary pads, tooth brushes, inspirational messages and more. These tools equip girls with essentials they need to start reaching their potential.

We know that we need more than a simple dress to break the cruel, relentless cycle of poverty but

Dress for Success is about so much more than clothing...

- It is about reviving the spirit of young girls.
- It is about demonstrating compassion and providing opportunities.
- It is about offering opportunities and changing lives.
